HABITAT HERO

What do you enjoy most about volunteering at the ReStore?

The Volunteers, they are a great group and we all work together very well. With the only objective is to get deserving families into an affordable new home. It makes you feel great that you are a part of helping families fulfill the dream of home ownership

The proceeds from the ReStore support the construction activities of Habitat for Humanity, Medina County. A continued source of dedicated volunteers is the life-blood of this organization. What can we do to insure that we are able to continue to find quality, long-term volunteers?

Time is a precious commodity that not many people want to surrender. I believe this is the biggest issue facing the survival of the restore. If we could show the positive impact we have had on the community and stories of the families we have helped that may convince some to volunteer

What changes would you suggest to make the ReStore a better experience for Customers and Volunteers?

I feel we should have Customer appreciating sales during the year. We have so many repeat customers that look to shop first with us to support the cause that we should find a way to reward them for their continued support.
